

Join HP for more sustainable printing

HP Supplies Return and Recycling Programme

HP is proud to acknowledge as a key partner, contributing to HP's Planet Partners Programme.

Returned Original HP LaserJet toner cartridges are collected and sent to a recycling facility in France. This facility has a full permit to operate and meets ISO 14001 and ISO 9001, an internationally recognised standard of environmental management systems.

Returned Original HP ink cartridges are collected and sent to a recycling facility in Germany. This facility also has a full permit to operate and complies with ISO 14001.
